Leader: \_\_\_\_\_

Age (as of Jan. 1):

Years in cavy project:

## **Pictures of Your Project**

Pictures are a big portion of making memories and doing projects. A completed book should have pictures of your project in them. Using the rest of this page and attaching another page if need be make a collage of your project animal. Captions are always a plus!

I enrolled in this project because:

I chose this breed of cavy because:

How do you keep your cavy healthy?

What do you do to prevent diseases in your cavy?

Feeding your cavy is a major part in keeping your cavy healthy. Describe the feeding program you use for your cavy?

What brand of feed do you feed your cavy?

List the top 3 ingredients in the food you feed them?

Name some faults that your breed of cavy has?

What are some DQ's that cavies can have?

Did your cavy come with a pedigree?

What is the gestation period of a cavy?

How many toenails does a cavy have?

What is M.S.R.B.A?

What did you learn new this year for your cavy project?

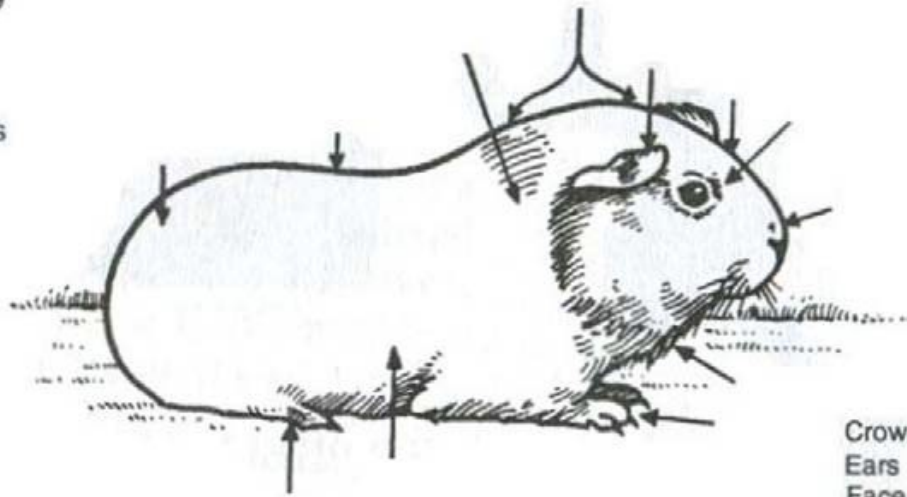

**Breeds of Cavies**  
**List the recognized Breeds of Cavies**  
There are 13

What is your Breed?

**List Varieties of your Cavy Breeds?**

Essay: Please tell about your cavies, breeding experiences, showing you have done etc. Included additional sheets of paper as needed.
